Happy New Year.

Warm greetings from IADVLWB.

December is a month of celebration. Individually, at the family level, socially, globally and also with our IADVL family.

Like every year we organised our annual state conference CUTICON WB.

The 2023 version of CUTICON was largest till date. Both by number of registered delegates and expanse and depth of a very rich scientific content. The scientific team under Dr. Sumit Sen should be congratulated. Dr. Indrashis Podder, Dr. Shreya Poddar and the team of dedicated juniors worked flawlessly liked an well-oiled machine. Dr. Arun Achar did an exemplary job as the Organising Secretary with smile on his lips.

Our state conference CUTICON WB 2023 started with Injectable workshop at Apollo Multispeciality Hospital, Kolkata .

For the first time we inaugurated a congress by watering a plant. The Dermopath Workshop at NRS was also a huge success. This time we had a green conference with no plastic and less paper used. The conventional felicitation with flower bouquet and mementos to the faculties were discontinued. Each of the faculties and guests received a plant each.

The main congress was inaugurated by watering a plant. Everyone appreciated these endeavours. Dr. S. Sacchidanand, past national president of IADVL was the Chief guest and noted writer and journalist Goutam Bhattacharya was the guest of honour.

The cultural team yet again mesmerised the audience with scintillating and soulful performances by our members.

A new team under the President elect Dr. Sandipan Dhar was elected and announced at the Annual General Body meeting as per protocol.

I wish all of you good health and happiness in the new year.

Happy reading.

*Dr. Koushik Lahiri
President
IADVL WB*

Secretary's Scribes

Dear Skintellect Readers,

As we embrace the latest edition of Skintellect, I extend a warm welcome to all our members and readers. It's an honor to share the updates and highlights from the dermatological landscape in West Bengal.

Our IADVL WB members continue to make strides, with several being invited to present and conduct workshops in conferences beyond our state borders. This recognition is a testament to the expertise and contributions of our vibrant dermatological community.

In this edition, you'll find captivating insights from these experiences, shedding light on the diverse knowledge and skills our members bring to the broader dermatological stage.

As we navigate the ever-evolving field of dermatology, I encourage you to explore the articles, features, and success stories within Skintellect. Your support and engagement are integral to the vitality of our community.

Thank you for being part of the IADVL WB family, and here's to another month of shared knowledge and growth.

Warm regards,

Happy Reading,

Dr. Kingshuk Chatterjee
Honorary Secretary (2022-24)

Editors Desk

Dear Skintellelect Readers,

As we conclude 2023, I'm thrilled to present the December edition of our newsletter.

In the spirit of the season, I send warm wishes for a festive holiday filled with joy, laughter, and radiant skin. May the approaching year bring you health, happiness, and a glow that mirrors your inner beauty.

Our State Conference, 'Cuticon WB 2023,' marked a successful milestone. A sincere thank you to all participants for contributing to its triumph.

Appreciation for being a vital part of the Skintellelect community. May your skin gleam as brilliantly as your spirit in the upcoming year.

Wishing you a Happy New Year!

Warm regards,

Dr Surajit Gorai

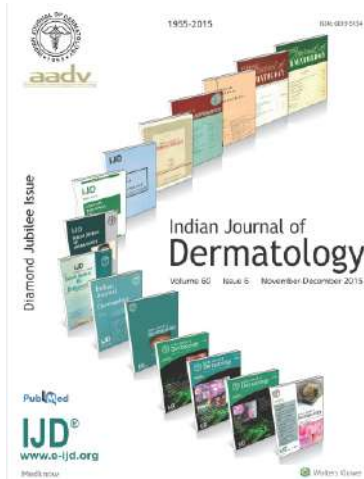

Editor, Skintellelect,

Indian Journal of Dermatology

The first indexed Dermatology journal from India

Published since 1955, Indian Journal of Dermatology (IJD) (ISSN: Print- 0019-5154 , Online - 1998-3611) is the oldest living journal of Dermatology in Asia which is being published uninterruptedly under the same name since its inception and continues to be one of the pioneer medical journals from India. It is, in fact, one of the oldest peer-reviewed journals dedicated to this particular discipline.

The journal publishes information relating to skin, its ailments and different modes of therapeutics. It also carries articles on Leprosy, STI and HIV/AIDS.

In 1962, it became the first indexed Dermatology Journal from India.

In 1965, it became the official organ of the then Dermatological Society of India and since 1973, it is being published on behalf of Indian Association of Dermatologists, Venereologists and Leprologists, West Bengal State branch. This is also the first Indian Dermatology Journal to enter the Internet as well. The web version www.e-ijd.org was launched in November 2000. From 2011 six issues of the journal are being published in a year.

IJD is indexed with Abstracts on Hygiene and Communicable Diseases, CAB Abstracts, Caspar, DOAJ, EBSCO Publishing's Electronic Databases, Excerpta Medica / EMBASE, Expanded Academic ASAP, Genamics JournalSeek, Global Health, Google Scholar, Health & Wellness Research Center, Health Reference Center Academic, Hinari, Index Copernicus, IndMed, OpenGate, ProQuest, PubMed, Pubmed Central, Scimago Journal Ranking, SCLOAR, SCOPUS, SIIC databases, Tropical Diseases Bulletin, Ulrich's International Periodical Directory

CUTICON WB 2023 26th Annual State Conference of IADVL WB Branch

The inauguration of our state conference took on a refreshing and eco-friendly start this year with a symbolic act of watering a plant. Embracing the "Go Green" initiative, this thoughtful gesture symbolizes our commitment to environmental sustainability and underscores the importance of nurturing and preserving our planet. By choosing to inaugurate our event in this green manner, we not only set a positive tone for the conference but also inspire participants to carry the spirit of environmental consciousness throughout the event and beyond. It's a small yet impactful step towards a more sustainable and eco-conscious future. The main congress was inaugurated in a novel way by watering a plant.

At Cuticon WB 2023, two remarkable workshops left attendees enriched and inspired. Dr. Surajit Gorai led a captivating Facial Injectable Workshop at Apollo Multispeciality Hospital, receiving high praise for his expertise and engaging presentation with intricate hands on training.

Meanwhile, Dr. Kishalay Ghosh and Dr. Arghyaprasun Ghosh orchestrated a noteworthy Dermatopathology Workshop at NRS Medical College, providing valuable insights into the intricate world of skin pathology. Both workshops added immense value, showcasing the depth and diversity of knowledge shared at this prestigious dermatological event.

IADVL WB Members Shine Beyond Bengal Borders: Expertise Recognized in Other State Conferences: Celebrating the expertise of our

IADVL WB members, several have received notable invitations to share their knowledge beyond our state borders. Invitations include opportunities to present at other state conferences and conduct engaging Facial Injectable Workshops. This recognition not only showcases the individual talents within our community but also reflects the high regard and demand for the dermatological insights emerging from IADVL WB. We take pride in our members' contributions to the broader dermatological community and look forward to the continued exchange of knowledge across state lines.

Unveiling the Artistry of Non-Surgical Thread Lifts

Volume 1 Number 9
January 2024

Dr Surajit Gorai

Introduction: Non-surgical thread lifts are like a magic touch for your face without needing any surgery. They're great for people with a bit of saggy skin, helping fix things like loose jowls and fine lines.

Indications: If you want a little boost without the long recovery of surgery, non-surgical thread lifts are perfect. They work well for those starting to see signs of aging but don't want a big facelift.

Contraindications: While mostly safe, these lifts might not be right for everyone. If you're pregnant, have uncontrolled diabetes, certain autoimmune conditions, or a history of certain scars, it's important to check with a doctor first.

Types of Threads: Threads used in these lifts can either dissolve over time (like PDO threads) or stay in place for a longer time (non-absorbable threads). They work by encouraging your skin to make more collagen, which is like the building blocks of healthy skin.

Techniques: The procedure involves putting threads under your skin using a small needle, lifting and tightening specific areas. There are two main methods: one lifts and anchors specific facial tissues, and the other creates a supportive net under your skin for an overall lift.

Recovery and Results: Unlike big surgeries, non-surgical thread lifts don't take as long to bounce back from. You might have a bit of swelling or bruising for a week, but after that, you'll likely see your skin looking firmer and lifted.

In conclusion, non-surgical thread lifts are a great choice if you want a fresher look without going under the knife. Just chat with your doctor about whether it's right for you, and enjoy a rejuvenated appearance with little downtime.

Proceedings of the 2nd State Council Meeting of IADVL W. B. State Branch held on 9th December 2023 at the BBCC, New Town, Kolkata for the year 2023-24

Volume 1 Number 9
January 2024

38 Members were present.

Dr. Koushik Lahiri, President took the chair and called the meeting to order.

Agenda-1: Brief report from individual council members. Hony Secretary requested all the council members from their district to place a brief report from their branches. They all placed a brief report to the members regarding their activities from their units and members were appreciated it.

Agenda-2: Issues faced in the district units. Some council members informed that they are facing a problem to organize a CME due to a high royalty amount of IADVL WB. They informed that the sponsors have not agreed to paid the amount of Rs. 25000/- as royalty to IADVL WB after all the expenses of CME, So the Council members proposed to reduce the royalty amount from 25000/- to 15000/-. After long discussion the members decided that The Royalty amount will be fixed @ Rs. 25000/- but this is be negotiable by mutual consent of organizers and office executives.

Agenda-3: Suggestions to improve. President requested to all the council members to induct new members from the districts. He also informed that if any CME will be organized then it should be under the banner of IADVL WB and there is also provision to organize some virtual or hybrid CME's.

Agenda-4: Any proposal for new district units. Burdwan District council members informed that they were not involving the members from birbhum to organize CME. So, President proposed that they should discuss this matter with birbhum and they can also organize combined district CME with their zonal district. The Members accepted it.

As there was no other agenda to discuss, meeting ended with vote of thanks to the chair.
